

**Pharmagrance Consultancy LLP**

***COMPANY PROFILE***

## WHO ARE WE?

*Pharmaglance is a consulting firm in the field of pharmacy/fmcg. Our philosophy hinges on conceiving solutions for various fields like designing, engineering, project management, commissioning and for validation services until batch stability, testing and calibration of the instruments.*

*We have a pragmatic experience in turnkey projects which have led us to having expertise in pharmaceutical industry. The idea is to transcend the production of the obvious to create sensorial experience through our built environment.*

*Our belief is to work with our client hand in hand so as to guarantee a cost effective solution and make them stand best in the pharmaceutical industry in their respective areas. Our effort and willingness is leading us to achieve excellence in the project management segment not only in India but all over the world.*

## **Solution**

*Our clients come to us with challenges, we help them liberate from all the constraints by providing management in an optimal way.*

## **Anticipation**

*Based on our experience, we provide our client with a complete solution to be equipped with the necessities of the future.*

## **Integrity**

*We strive for transparency by presenting our client with realistic projections, ensuring smooth and honest communication throughout the collaboration.*

# KEY PERSONNEL

## Umesh Deshmukh

 Pune, India

 +91 7032920203

Masters in Operation Management and Mechanical Engineering graduate, with over 25+ years of experience and expertise in facility design and great exposure in Pharma Guidelines and Operation.

## Shilpa Deshmukh

 Pune, India

 +91 7032646203

Masters in Microbiology Science and well versed with Quality Control and Microbiology Standard Practices adopted in Pharmaceutical Industries

## Vinay Gowande

 NJ, USA

 +11 610-533-5260

Masters in Manufacturing System and BS in Engineering with 25+ years of hands-on experience in manufacturing vertical and keen on Business process analysis and process reengineering.

## Anant Gokhale

 Ahmedabad, India

 +91 9898134902

PG Diploma Certification in Marketing and Sales and having 16+ years of experience in international business forum for Pharmaceutical Project Management & Equipments and expertise in CRN.

## Rajesh Pai

 Johannesburg, SA

 +27 794618031

Graduate in Pharmacy and Member of ISPE and PDA. Over 20+ years experience in the field of Process Validation, Training for Audit & GAP Analysis.

# PRODUCTS

High-quality equipment plays a vital role in overall product quality. Machine manufacturers can tailor production systems down to the last detail to ensure the quality of the manufactured product. We manufacture the following products:

- *Laminar Air Flow*

- *Fermenter/ Manufacturing Tank/ Solution Preparation Tank/ Bioreactors*

- *Clean Room (light + flooring)*

- *HEPA Filter with light fixtures*

- *Isolators (upto O.E.B. 5)*

- *Purified Water System / Pure Steam Generator*

- *Racking*

- *Passbox*

# PRODUCTS

## Laminar Air Flow

LAF systems are used in various applications such as life science research, microbiology, IVF, pathology lab, plant tissue, etc. LAF stations are built w.r.t. the type of process being performed. The cabinets are typically designed to protect the working area (except bio-hazards) and do not offer operator protection. It maintains cleanliness Grade A / Class 100 underneath of HEPA filtration.

## Isolators (upto OEB 5)

Isolators are typically equipped with a fully reproducible and validatable system for bio decontamination (mostly H<sub>2</sub>O<sub>2</sub>) and a process AHU that, as well as permanent overpressure/ Negative control of the process area compared to the operator environment in the clean room.

An aseptic isolator protects the product from contaminants in the environment.

## Fermenter/ Manufacturing Tank/ Solution Prep. Tank

Verities of the stainless-steel jacketed tank ranging from 25 Ltr to 10000 Ltr, widely applicable in Pharma / Biotech / FMCG / API Industries for Manufacturing & Bioreactions.

## Purified Water System / Pure Steam Generator

Water technology which fulfils your requirement & comply USP and other Regulatory for Pharmaceutical / Biotech / FMCG / API Use.

Pre-treatment – Purification with Distribution – Water for Injections Generation & Distribution – Pure steam Generation & Distribution.

## Clean Room (Light Fixtures & Flooring)

Hygienic, efficient and cost-effective solutions with excellent vision at work places in Operational area. Pharmaglance provides various solutions for flooring according to specific requirements of the project.

## Racking

Storage facilities are a crucial component of using cost and time effectively. These systems need to comply with Good Manufacturing Practices for safe keeping of inventory in pharmaceutical industries. These are designed according to the requirements of the clients and products that are to be kept in these systems.

## HEPA Filter

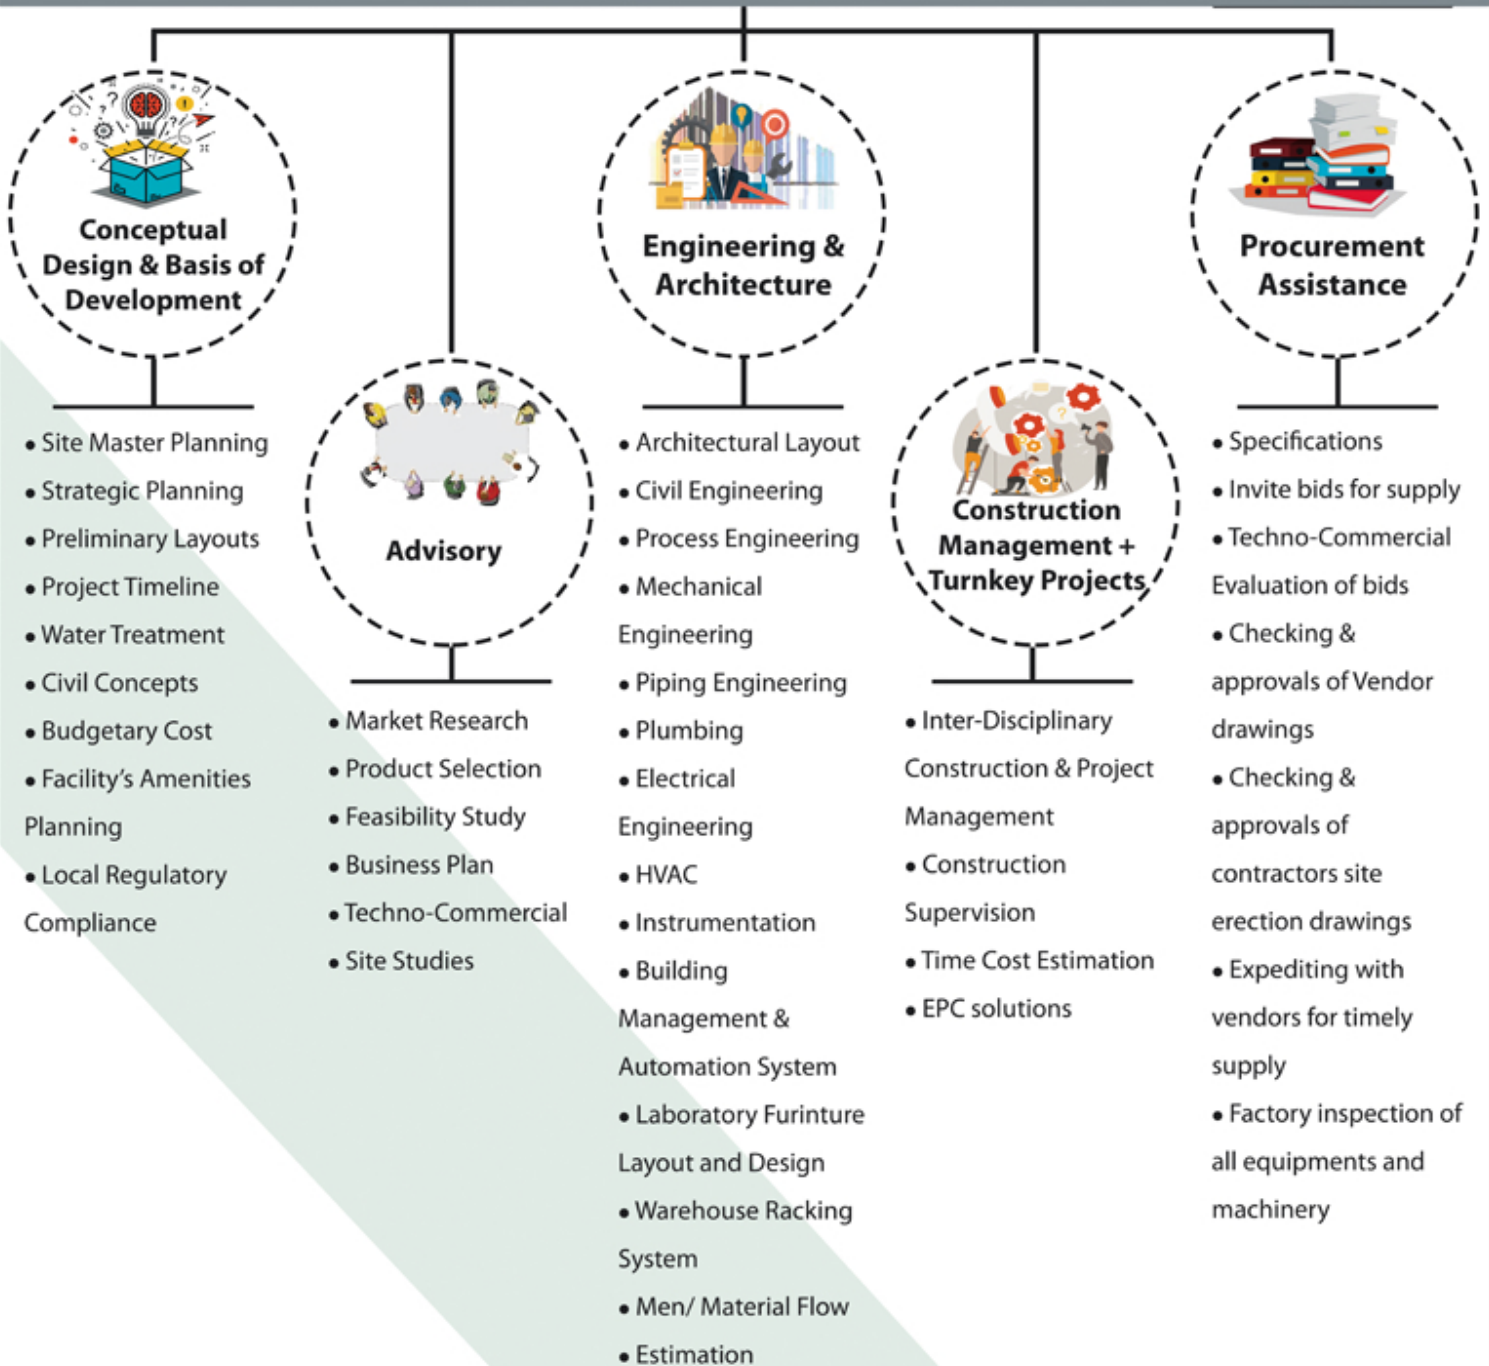

Patented Clean room technology with combi solution of HEPA filter and Light fixtures in common Terminal, Reduces Cleanroom cost with the same footprint.

## Passbox

Material transfer equipment plays an important role in minimizing contamination risks during the manufacturing process. Non-viable particles and microorganisms can cause contamination in a cleanroom due to this entry and exit of materials within the controlled environments. We have adopted the principles given in ISO 14644 and other standards for making Pass boxes.

# SERVICES

# GLOBAL PRESENCE

Pharmaglance operates around the globe.. It has shaped and improved its territory, acquiring a profound knowledge of the pharmaceutical industry and is continuing to gain experience int the same.

# OUR WORK

## Sophal SPA, Algeria

- ▶ **Area:** 3100 sq.m.
- ▶ **Project Year:** 2015 - 2017
- ▶ **Type:** OSD Facility
- ▶ **Products:**
  - Cephalosporin*- Leximal & Dray Syrup
  - Penicillin*- Ampal Tablet, Penival, Amoxal Dry Syrup
  - Non-Penicilline*- Azithromycin, Cotrimoxal, Flexo, Ibuprofen, Novital, Paracetamol, Sildefal
- ▶ **Role:** Designing and Execution

# OUR CLIENTS

Sr. No.	Client Name	Description	Status
<b><u>Domestic Clients:</u></b>			
1.	SDS Pharamaceuticals Ahemadnagar, Maharashtra	Desiging of new API facility	Completed
2.	Cipla Indore, Madhya Pradesh	FG & BFG cold storage	Completed
3.	Cipla Indore, Madhya Pradesh	FG & BFG cold storage expansion	Completed
4.	Acculife Healthcare Ahemdabad, Gujarat	New product division	Completed
5.	Symbiotec Indore, Madhya Pradesh	HVAC work	Completed
6.	Knovea Indore, Madhya Pradesh	HVAC work	Completed
7.	Zenzi Pharmaceuticals Mumbai, Maharashtra	Evaluation of existing utility equipments (Boiler, Air Compressor, Chiller, etc.)	Completed
8.	Mankind Pharma:Unit-III Kunja, Himachal Pradesh	Providing offer for Architecture and 3D design services	Completed
9.	IG International pvt.ltd. Mumbai, Maharashtra	Providing Project Management services for warehouse	Completed
10.	Sri Krishna Pharma Hyderabad, Telangana	Leak Proof Protection	Completed
11.	Shreyans Pharma Ahemdabad, Gujarat	IV Fluid Line	Completed
12.	Pinnacle Life Science pvt.ltd. Navi Mumbai, Maharashtra	R & D Lab Facility	Completed
13.	Lyka Labs Ltd. Ankleshwar, Gujarat	LYO 4 & 5 Facility	In Progress
14.	Pinnacle Life Science pvt.ltd. Baddi, Himachal Pradesh	Oncology-OSD	In Progress
15.	Zydus Cadila Kundaim, Goa	Hormone Utility	In Progress
<b><u>International Clients:</u></b>			
1.	Alpha One Kabul, Afghanistan	Evaluation of equipments and its capacity against design line for granulation/liquids/ injectables	Completed
2.	Les Genes pty. ltd. Botswana	General OSD- Packing Line	Completed
3.	Sophal SPA Algeria, North Africa	OSC Facility ( Cephalosporin, Penicillin, Non-Penicilline )	Completed
4.	Nivagen Sacramento, USA	Injectable Utility	In Progress
